# Terms and Conditions

These Terms and Conditions ("T&C") govern all Non-Standard Installation ("NSI") for the provision of services provided by **TM Technology Services Sdn Bhd ("TM")** to Unifi consumer and business customers ("Customer"). By requesting or proceeding with NSI, the Customer is deemed to have read, understood and accepted these T&C.

## 1. General

i. "Non-Standard Installation" refers to any installation request that falls outside the scope of Standard Installation, including but not limited to:

   a. Additional or extended internal/external wiring

   b. Drilling, trunking, or concealed cabling

   c. Relocation of termination points or network equipment

   d. Any custom or special installation works as requested by the Customer.

ii. For further information on Standard Installation and Non-Standard Installation, you may refer to (any link for reference)

iii. NSI works will be performed by TM's appointed contractor ("Contractor").

iv. The Contractor will assess the installation site and propose the required NSI works, including materials, labour, and other related charges.

v. The Customer acknowledges that NSI is optional and only required upon the Customer's request or when necessary based on actual site conditions.

vi. By signing the digital acknowledgement, the Customer confirms understanding and agreement to be bound by this T&C.

vii. NSI works will only commence after the Customer's digital signature is obtained.

## 2. Charges and Payment

i. All NSI charges are based on TM's rate calculated through a system.

ii. The NSI charges shall be fully borne by the Customer.

iii. The Contractor shall provide the Customer with a quotation before commencing any NSI works.

iv. Customer must consent to the quotation provided before the commencement of NSI works.

v. Customer has the option to choose the any of the following payment method:

   a. One-time payment, or

   b. Instalment plan (6 or 12 months).

vi. The NSI charges will be reflected in Customer's Unifi bill and Customer is not required to pay anything during installation.

vii. Failure to pay any part of the NSI charges will be treated as outstanding debt and shall be added on top of any other penalty charges applicable to the Customer's Unifi services.

## 3. Warranty

i. NSI workmanship is warranted for a period of thirty (30) calendar days from the date of completion.

ii. The warranty applies solely to workmanship carried out by the Contractor.

iii. The warranty does not cover:

   a. Customer-owned equipment, devices, or accessories

   b. Faults or damages arising from negligence, misuse, tampering, or modification by the Customer or third parties

   c. Environmental or external causes including but not limited to fire, flood, lightning, power surge, vermin, or structural defects.

## 4. Customer Responsibilities

i. The Customer shall ensure that the Contractor is given access to the premises for assessment and installation.

ii. The Customer shall be responsible for obtaining all necessary approvals, permits, or consents (including landlord or building management approval) prior to commencement of NSI.

iii. The Customer confirms that they are the owner or authorised occupant of the premises and that all information provided for the installation is accurate.

## 5. Liability

i. TM and/or the Contractor shall not be held liable for:

   a. Any consequential, incidental, or indirect loss or damages incurred by the Customer arising from NSI works.

   b. Any damage to premises, fixtures, or fittings resulting from NSI, except where proven to be caused by gross negligence or wilful misconduct of TM and/or the Contractor.

ii. If the Customer chooses to use their own contractor, TM will not be responsible for any impact to service quality arising from such installation.

## 6. Acceptance

i. By proceeding with NSI, the Customer expressly agrees to these Terms and Conditions.

ii. The Company reserves the right to amend these T&C from time to time without prior notice to the Customer.
